The IHSAA Pre-participation Physical Evaluation (PPE) is the first and most important step in providing for the well-being of Indiana’s high school athletes. The form is designed to identify risk factors prior to athletic participation by way of a thorough medical history and physical examination. The IHSAA, under the guidance of the Indiana State Medical Association’s Committee on Sports Medicine, requires that the PPE Form be signed by a physician (MD or DO) holding an unlimited license to practice medicine, a nurse practitioner (NP) or a physician assistant (PA). In order to assure that these rigorous standards are met, both organizations endorse the following requirements for completion of the PPE Form:

1. The most current version of the IHSAA PPE Form must be used and may not be altered or modified in any way.
   (available for download at www.ihsaa.org<http://www.ihsaa.org/>)

2. The PPE Form must be signed by a physician (MD or DO) holding an unlimited license to practice medicine, a nurse practitioner (NP) or a physician assistant (PA) only after the medical history is reviewed, the examination performed, and the PPE Form completed in its entirety. No pre-signed or pre-stamped forms will be accepted.

3. **SIGNATURES**
   - The signature must be hand-written. No signature stamps will be accepted.
   - The signature and license number must be affixed on page two (2).
   - The parent signatures must be affixed to the form on pages one (1) and four (4).
   - The student-athlete signature must be affixed to pages one (1) and four (4).

Your cooperation will help ensure the best medical screening for Indiana’s high school athletes.

Recommendations

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).
